Phone: +91 9123456780

Location: Bangalore, Karnataka

CAREER OBJECTIVE

Passionate Data Science enthusiast seeking opportunities to build machine learning solutions and extract insights from data.

EDUCATION

B.Tech Information Technology

XYZ Institute of Technology

CGPA: 8.8

SKILLS

- Python
- Pandas
- NumPy
- Machine Learning
- Deep Learning
- TensorFlow
- Data Visualization

PROJECTS

House Price Prediction

- Built regression models using Python and Scikit-Learn.
- Achieved high prediction accuracy.

Customer Churn Prediction

- Performed feature engineering and model evaluation.
- Used Machine Learning techniques for prediction.

CERTIFICATIONS

- Machine Learning with Python
- Data Science Professional Certificate

LANGUAGES

- English
- Hindi
